Christoph Neumeister is the third generation to run the renowned winery. The organically cultivated vineyards are steep and feature meagre limestone-sediment soils. The Illyrian-Pannonian combination climate and high precipitation levels can make cultivation challenging but allow a long growing season and late harvest. In the cellar, thoughtful and careful work is emphasized, including long maceration on the skins, spontaneous fermentation, long yeast contact periods and a late bottling. The results are structured and elegant wines with clear *terroir.* The premium wines come from top sites Saziani and Moarfeitl as well as Klausen and Steintal. In addition, the family runs the Saziani Stub'n restaurant.
